Ad Text The recent poll has shown military representatives prefer Trump two times more than Clinton. I wonder how Hillary can even have military supporters, our soldiers have suffered enough from the liberal-in-chief for the last eight years.

What's also confusing in that poll – almost every fifth polled soldier refuses to vote at all. It's a great demonstration out troops no longer trust the President, and Clinton would definitely not change the situation.

No need to remind you what mistakes can Hillary do if allowed running our military forces – we don't need another Iraq and we definitely don't need another Benghazi.

Ad Text Remember that terrible case when a student was forced by York Comprehensive High School officials to remove the Old Glory from his pickup? It happened in May 2015 and luckily had a happy end, as a result the students were allowed to attach our flag to their vehicles.

The story ended well by efforts of dozens of patriots united to protest against High School authorities. It was a peaceful but strong and confident protest that made the authorities listen, it was a great example of how conscious people should act. We have to keep ready to stand against all kinds of attacks on American values and Constitutional laws.

Unfortunately our current Government approves and even provokes these attacks, and the liberals' offensive and violent moods make it clear – every American patriot has to be careful and attentive.

Ad Text Bob Miranda-Boulay, Camp Lejeune Marine reservist, suffers serious health issues after exposure to tainted water. And he's not the only one! Approximately 30,000 Marine Reservists may have suffered the same kind of exposure.

Where were the liberals shouting about ecological problems? Why do they care about shutting down the coal industry to avoid mysterious unproved global warming but they don't mind thousands of Americans drinking poisoned water?

Neither the VA officials nor our military commanders helped our Marines and now they just feel abandoned. Bob Miranda-Boulay said 'I don't count' – that is what our veterans feel. That is not an attitude they deserve.

"I wanted to make a difference," Boulay said. "I love my country and I wanted to do the right thing. I wanted to be a Marine." That is a real shame our veterans feel being betrayed by our country leaders.

Ad Text The Civil Rights Movement was fighting for the real equality in general and particularly the equal rights of voting. It started in North Carolina but it can spread all over the country. Blacks are being deprived of general voting rights. The U.S. District Judge, Thomas Schroeder, on Monday dismissed lawsuits challenging changes to the state's election laws, declaring that the challenges failed to show that it hindered voters of color from exercising their voting rights. The North Carolina law which eliminated early voting, same-day voter registration and out-of-precinct voting requires voters who go to the polls to show an acceptable form of identification such as a driver's license, passport or military ID. This is not a good sign as we watch the world take the new turn for the worse now while doing nothing.

Ad Text A new report showed that West Virginia and 11 other states have to the highest percentage of children with a parent who is or was incarcerated. Can you believe these numbers?

Of course, the highest incarceration level is among the black population of the country. The system is enslaving us with the help of the jails and it affects the whole community. Kids have to grow up not knowing their fathers and not having the support they need to make rights choices and school-to-prison pipeline doesn't leave them much of a choice. The kids grow up in extreme poverty without the access to the basic things like healthcare or education.

The system is build to keep as many black people in the jails as possible. Being black in the US means being in a constant danger! You never know when you will be killed or sent to prison, because of the color of your skin.

I've never heard white media talking about it, do you?

Ad Text Every American's right to bear arms is absolutely sacred, period. All the liberal attacks on it are very worrying because the Amendment was not only made for self defense – it is a nation's ability to overthrow the tyranny. A Government that doesn't trust its citizens to possess weapons can never receive mutual trust or respect. And that's what things are now – there's a great mistrust between the people and the country Administration and the only way for our "leaders" to establish relations with Americans is to stop all attacks on the Second Amendment.

Every American's right to bear arms is absolutely sacred, period. All the liberal attacks on it are very worrying because the Amendment was not only made for self defense – it is a nation's ability to overthrow the tyranny. A Government that doesn't trust its citizens to possess weapons can never receive mutual trust or respect. And that's what things are now – there's a great mistrust between the people and the country Administration and the only way for our "leaders" to establish relations with Americans is to stop all attacks on the Second Amendment.

Ad Text A very touching story. Roberto Gonzalez, a dying Vietnam veteran from Texas made this special request last weekend. Hospital staff and Roberto's family arranged his final meeting with two horses. Gonzalez was paralyzed in Vietnam during his service. He gave his health away in the name of America like thousands of our brave soldiers did.

Unfortunately no one can return their health and lives back. Our best people have to live the shortest lives. If only our Government could pay more attention to our heroes' problems to make them a bit happier and to make their heroic lives a bit longer.

Ad Text Marine veteran was forced by homeowner associations to remove USMC stickers from his car. Our country is run by idiots! Retired marine Frank Larison recently received a letter by the HOA, ordering him to remove his "marine stickers" from his Chevy car. Frank and his lawyer claim that he will face \$50 a day if he refuses to do so. If he does not play those fines, he will be towed.

Have you ever heard of someone receiving a notification to remove Obama stickers? LGBT stickers? Those terrorists Black Lives Matter stickers? Well, me neither! The liberal rage comes only to those who love the Old Glory or U.S. Armed Forces.

Our whole society is ill. Libtards are allowed to do whatever they want while even the smallest demonstration of love and devotion to America causes an immediate intervention from the authorities.

Ad Text Saudi prince urged Americans not to vote for Trump last week. How wonderful, an Islamic dictator advises Americans how to run a Republic! Saudi Arabia is considered the main weapon and recruit provider to Islamic State terrorist organization.

No wonder radical Islamists are terrified by Trump, unlike Obama he is a strong confident man who'll deal with terrorism with no doubt. When terrorists' "official" leaders call to reject a Presidential candidate - you've got the man you need.

Ad Text For the first time in American history, the leading candidate for the Democrat party is running on a platform that would prohibit the private ownership [or outright confiscation] of firearms. As a candidate, Hillary has already stated that the 2nd Amendment does not apply to us.

It is an assault on our Constitution, the very basics of America. Why does she call herself a Democrat, her anti-American ambitions are more likely to look like socialism and tyranny, not even close to Democracy.

We are terrified by a possibility of having Hillary as a President. She'll never stop on the Second Amendment. And if she wins, if she manages to disarm Americans – get ready to say “good bye” to the First and the Fourth Amendments either.

Ad Text Frank Levingston, the oldest veteran in the United States, passed away Tuesday, May 3 at the age of 110 at a nursing home for veterans in Bossier Parish, La., according to family members.
Levingston was also the oldest man in the United States. He held the title for less than a month following the death of Felix Simoneaux Jr. on April 19.

Wish our veterans received more attention and care from our Government. Obama's eight presidency years turned into a disaster to our veterans and soldiers. Hope Obama will be replaced by a President who cares.

We want our old heroes to be proud of their children and grandchildren so they would leave this world with a smile, knowing they will be honored and remembered.

Ad Text Yesterday our country lost another hero. Investigator Freeman was killed when his patrol vehicle was rammed by a suspect vehicle during a pursuit. Deepest condolences to Anthony's family. Our brave policemen put their lives at risk every day to make our lives secure.

Our men in police uniform are real heroes and they can't be called any way but heroes. We don't believe in liberal media accusing our policemen of being absolutely corrupt and using their authority only for personal benefit. American policemen are the only guardians who keep our people safe from criminals.

Ad Text It might sound like a cliché but “get a job” is a really good advice for young liberals protesting against everything in the world. Old man Ronald knew what he was talking about!

Our college students should have an experience of paying taxes before standing for illegal immigrants' rights. They should raise their own children before standing for gay parenthood.

It's no secret most active liberal's supporters are people about 20-25 years-old while most conservatives are older. Well, as they say, wisdom comes with ages.

Ad Text Iraq, Syria, Libya – several years of fails in the Middle East diplomacy. May I remind you Hillary had a long time to show her foreign policy skills – being a Secretary of State she had quite enough of political powers.
How can anyone support her? Voting for Hillary is just burying the American image in the world.

Ad Text Well, as you know, schools are places of learning and also miniature societies. The school climate has a direct impact on both how well students learn and how well they interact with other people. More and more teachers today understand the importance of socialization and try to make their classes more friendly where each student feels involved. But despite these efforts, students who are LGBT continue to face a harsh reality....

May 24,25 Westboro baptist church is planning to stand against tolerance in education system near LGBT-friendly Lawrence High School. They want to "remind this nation that the parents, students, teachers and staff of the high schools celebrate disobedience to God's law." They are just inciting hate riots and violence! Their right to protest infringes on others rights! Personally I have had enough of those idiots. Someone should picket them (in return)!! Any volunteers willing to help me drown out their voices of hatred?

Please, DM us for more information and we can stop their nonsense - to put them on the right way!

Considering the fact that they multiply like rabbits, soon we will all wear sombreros. We need to stop this invasion.

Ad Text Obama once again betrays America.

Reports indicate that he has just put forth a \$1.3 billion budget proposal, to be distributed among 75,000 minors that are expected to cross into the United States this year from Central America.

That breaks down to about \$17,613 a child—an amount that is significantly higher than what the government gives to Social Security Retirees. According to a report from the Center for Immigration Studies, the average annual SSA retirement benefit for legal citizens is roughly \$14,772.

As if that weren't enough, the proposal also demands another \$2.1 billion for refugees.

This just says it all. Again and again he ignores the needs of American citizens, but has no problem taking their hard earned money just give it to people who deserve it the least. I guess Veterans don't need a better social security.

Thank you Obama for betraying America.

Ad Text Hillary Clinton has a 69 percent disapproval rate among all veterans. Indeed, there are many reasons for it. First of all, Benghazi: four people died on her watch and she did not send help. Secondly, Hillary refused to apologize to all veterans, when she has made several remarks about veterans "embellishing" the situation at the VA. Finally, Hillary is the only one politician (except Barack Obama) who is despised by the overwhelming majority of American veterans. If Hillary becomes the President of the US, the American army should be withdrawn from Hillary's control according to the amendments to the Constitution.

Ad Text Austin's Robert E. Lee Elementary school has a new name: Russell Lee. The Austin School Board voted 8-1 to change the name Monday night. The school board had three name options from which to choose: Russell Lee, a photographer from the school's neighborhood who started UT's photography program. The board approved Russell Lee at the request of the school's Campus Advisory Council.

So, what can I say? This is a disgrace for the Texas authorities! I am shocked at the dismantling of southern history. We know that our ancestors fought for our freedom. These names were, are and always will be the part of Texas history.

Why is Texas administration willing to do anything what feds say them? Isn't it obvious that the Federal government aims to destroy our history? This is a madness!

Therefore, I need to ask you: are you ready to defend our Heritage? The Southern history needs protection now more than ever before!

Ad Text BLACK STATE TROOPER WHO WON LAWSUIT AGAINST POLICE
DEPARTMENT FOR RACIAL DISCRIMINATION FACED THE SAME
ISSUED WHEN HE RETURNED TO WORK

Two Michigan Black police troopers who recently won lawsuit in racial discrimination and were awarded \$5.2 million are suing police department again, claiming they faced the same issues.

According to State Police troopers Darzeil Hall and Lamarr Johnson, ever since they returned to work, they have been subjected to petty attacks and denied attempts in promotion.

Instead of correcting the wrong behavior toward black employees, police department aggressively criticized their conduct. For instance, police trooper Hall received a "need improvement rating," his squad car was taken away, and his gym car was deactivated for a minor mistake. Along with Hall, police trooper Johnson was denied at least five promotions after the lawsuit ended on the basis of race.

Once again the race car is alive and well. Unfortunately, black police officers still remain second-class officers and experience unfair treatment in police department despite the fact that we live in a "post-racial" society.

Ad Text MAN WHO WAS CHARGED WITH BURNING DA VINCI APARTMENT WAS ANGRY ABOUT POLICE KILLINGS OF BLACK PEOPLE

The man who was accused of Da Vinci apartment complex arson that caused the city \$100 million in damages testified that he was angry at high-profile killing of black men.

Dawud Abdulwali attended a party in a Hollywood hotel where he ranted about the August 2014 killing of unarmed Michael Brown by a white police officer in Ferguson. According to one of the witnesses, he was so mad about the high profile killing of unarmed black men, so he burned the building.

Abdulwalia`s anger at police was not a good reason to burn down some apartments, but injustice brought him to this action. Either way, crime should not be tolerated. But we have to start thinking about the message he was trying to send: having a black president changes almost nothing.

INSIDE A SC CHURCH AREN'T PLEASED WITH DONATIONA PAYOUT

The family members of South Carolina church massacre victims are upset with the distribution of donations the church has received since June shooting. The Methodist Episcopal Church have decided that the families will have to divide \$1.5 million in donations, while they will keep \$1.8 million, with plans to make long-needed repairs to the church.

For instance, the wife of the Rev. Clementa Pinckney who was among those killed by white shooter Dylan Roof, has not received any of the donation proceeds.

Nothing will bring the victims of Charleston massacre back, but this money will help aid in bridging the gap in the loss of an income. Donations are important for these families since they did not receive a cent from the government.

About 20 million parasites live in the United States illegally. They exploit Americans and give nothing in return. Isn't it time to get rid of parasites that are destroying our country?

Ad Text We are under attack. Even there is no open action the war has already started. The enemy is smart and ruthless. We are losing so far, because our leader is one of them. Obama has betrayed America and now he is just executing orders of his bosses.

Obama was always a mere pawn in the hands of Arabian Sheikhs. His latest orders are just proving it. All these refugees, which we are about to take in, are soldiers with one simple goal. They are going to try to terrorize the nation until it agrees to convert.

To win this war we need to gather our forces and elect a leader, who loves America as much as we do and is willing to do everything it takes to protect it. I believe that only Trump is strong enough to overpower this snake of an enemy and choke it to death.

We are at war gentlemen! We need to act fast!

Ad Text A new disturbing dashcam video from May 2013 is shining light on what happened the night a Chicago.

The video shows how officers, Michelle Morsi-Murphy and Jose Lopez, brutalized Rev. Catherine Brown. Brown was driving back home, when Morsi-Murphy jumped out of the car and approached her yelling curse words and demanding she move the vehicle back. When Brown reached for her license, Lopez pointed a gun at her head. Moreover, Lopez WAS LAUGHTING at poor Brown, who was beat and pepper-sprayed by police. Brown is not the only victim, her kids had suffered from pepper spray too.

The US police is just insane. What's the problem with peaceful arrest? Why the hell they treat us as animals? This will not stop until cops are held personally and financially responsible for their actions.

Could you imagine, if soldiers acted like this towards civilians in a combat zone? 100% it would be treated as a war crime. So why do we have another attitude to people in blue?

Video shows probationary patrol officer Akinyemi Borisade repeatedly hitting 31-year-old Mayra Martinez on Wednesday at the Duval County jail.

Man, there were so many ways to fix the situation without resorting to use excessive force. The worst part of it is how everyone just stands around nonchalantly. ? People who support cops and believe in good cops, please tell me why the hell a bunch of cops just stand and watch how another cop beating a woman??? How???

Americans have rights and one of them is the right to remain silent. We don't have to answer your stupid interrogation questions. If we are speeding, tell us we were stopped for speeding, issue the warning/summons and get the hell out of our lives Nazis. Why did they escalate the situation? What for?

Ad Text Horrifying video shows inmate being shocked three times with a stun gun

Recently released video shows the moment officers shot 24-year-old Brandon Bethea with a stun gun as he was in a jail cell.

Jail officers said Bethea had threatened them and that's why he was hit with a stun gun but I guess cops didn't know the camera was recording them. FIVE OFFICERS stood over Bethea and just watching how Clark pulled the trigger two more times. As usual, no charges were ever filed against the officers involved in Bethea's death.

There is no doubt that Bethea was murdered. Have you noticed that it took 20 minutes passed by before another officer summoned a nurse and they attempted to revive Bethea. All of bastard cops who were there should be in prison for murder. America, it's not a black or white problem... but a blue one.

Ad Text SHOCKING!!! Cops can't stop using their blue privilege for illegal parking. Could you imagine how off-duty deputy Tracy Weiss was shocked when she realized that her badge won't protect her from paying parking fines? Her face is priceless.

The story happened last month when Weiss found her car being towed for illegal parking. The cop jumped into another vehicle to block the driver, who had towed her car. When she exited the vehicle she had her gun drawn. The driver started recording the incident when he understood that his life is under threat. That's how \$62.50 fine turned into \$125.

The sheriff's office said Weiss has been an Orange County deputy for 11 years and they are investigating the incident. I have only one question: is that how PD trains police in our country? For 11 years she should know how to fix the situation like that. The only reason she should identify herself as an officer is to explain why she has a holstered weapon. Aside from that she should not have mentioned it nor should she have drawn the weapon.

To my mind, this woman need to stop being a deputy and carrying a gun. Such cops and people as well should stay away from guns. This would give our citizens a chance to get back home alive.

Ad Text Please take a moment to read my story!

Back in 2015, Douglas Babbitt was talking on the phone in the driver's seat of his parked van when a police officer asked if an open beer bottle on the ground near the vehicle's front passenger door belonged to him. Notice the location of the beer can - it's located on the ground, outside of the vehicle, on the passenger's side.

When Babbitt said the beer wasn't his, the police needlessly escalated the situation that lead to Babbitt's arrest, and left the 51-year-old Oakland man briefly lying unconscious on the ground.

The beer wasn't in his car, and a toxicology report from after his arrest shows that he had no alcohol in his system. So what's the problem with you guys? Damn, after all that, the only thing I may conclude is DO NOT TALK TO POLICE! The following video is a prime example of why...

Ad Text Clark Dickson, a veteran Seattle police department officer, punched a homeless 21-year-old man in the head and remained unpunished. The cop said that his misconduct was “justified” because the man had spit at him.

Almost one year after the incident, the footage showing the punch was released. Personally, I didn't notice in the video the suspect spitting at Dickson. However, the police department didn't consider it necessary to punish the cop. The only penalty he got was a suspension without pay for 1 day.

Is it really enough for excessive force use?

A video clip uploaded to Facebook shows an officer attempting to throw a man from his wheelchair and into the street until someone rushes over to intervene. Also I'd love to know the point of cops rights defenders: what would you say about another "good cop," who's turning his head as if he didn't see his partner attempt to hurt the man in wheelchair? Good cops keep silence, huh?

Such incidents can't happen again, we need to get cops that can't handle their tempers off of the streets. Guys, what do you think about it? How disgusting this officer's actions were?

Ad Text Dear Don't Shooters, as you know we aim to empower and encourage people to take action in struggle for social justice. "Unite and fight against police brutality!" - that's our moto.

From time to time we receive messages like "why you do not talk about good cops?" Well, I guess it's time to answer the question...

As the nation has been torn apart by police violence and abuse, we have begun to wonder whether there are any good cops at all. Do they exist? Where are these legendary "good cops"? Sad, but according to our research good cops are threatened with extinction.

After sleepless nights with coffee and YouTube search we finally found a great example of a GOOD COP. Please welcome - Mr. Right Officer, who comes to the suspect's aid, not once, not twice, but at least three times physically stopping the arresting officer from abusing the suspect.

If you think that all cops SHOULD take a stand like this, then help us SPREAD THE WORD!

I wonder, why is no one talking about black women abused by police? At the time when Americans' attention focuses primarily on the relationship between black men and law enforcement, we've got to admit the fact that Black women have a tough time too.

To my mind it should come to national spotlight; from teen girl, who was slammed to the floor in a South Carolina classroom to the mysterious death of Sandra Bland in a jail cell. We want to give you a chance to express yourself and share your minds with us.

WATCH the video below, showing black women bringing their problems to the forefront.

Ad Text What's the difference between USA cops and EU cops?

That's a fact that US police officers are bad trained. Cops are programmed to take innocent lives. Cops here in America play God. They believe they are judge, jury and executioner, and if someone disobeys them or breaks the law, it is their job to punish that person. They believe it is justifiable to shoot someone who is not a threat simply because that person "deserves it" in their eyes.

It will be hard to find the same approach in any other country. So what's the difference? The difference in mindset, American cops truly believe they will get away with it.

In comparison with other countries, particularly in the UK, cops understand that their job is to apprehend, NOT PUNISH. They do not try to shoot you, they understand that they are not the jury and this is not their job.

Bad that America trained not like this!???

Ad Text Even if you do not resist, it won't help you to avoid police terror. The guys in the video was not resisting, he's not aggressive - he was unarmed but the sadistic sociopath cops keeps tasing him repeatedly!

The police have no right to treat people this way, but they are literally breaking the law. What kind of respect citizens. This is why people do not trust the police. This cop is a coward!

The community needs to come together and get cops like this off the force. Together we stronger!

Ad Text If you allergic to bad cops, please DO NOT WATCH the video below!!!

We found old dashcam footage has revealed the startling moment a Texas trooper ran toward a motorcyclist following a high-speed chase, leaped into the air and karate kicked him to the ground.

The incident unfolded in December 2012 after Martinez, a 10-year veteran trooper, took chase when 25-year-old Steven Gaydos ran a stop sign near Houston.

Apparently this Texas deputy wanted to go back to the good old days and show off his fancy moves by jumping in the air and kicking this guy who was already surrendering off his motorcycle.

Wow, bad cops with Rambo mentality issues should be dismissed and forbidden from ever owning any firearm again, period!

Ad Text That's crazy!!! Cops hold man down and sic K-9 on him for dancing in a parking lot

The city will pay Linson Tara \$100,000 to settle a civil-rights lawsuit filed after the Washington cops used Tasers, their fists and then a police dog on him while he was being restrained. Only 100k? Seriously? Guys, don't you think it's not enough for a man who was choked, tased, punched in the face several times while the dog bit you? It should be more zeroes in the number.

A dash cam video showed one of the officers holding Tara on the hood of the police cruiser while his partner used a Taser on him. IS THAT THE WAY YOU WANT POLICE TO TREAT US? The video gives us a great explanation of the question, why do people hate cops?

Dear Americans, we've got to understand a simple idea - nothing will change unless you, me and the whole country start taking judgments out of THEIR paychecks... and then you'll see this behavior stop.

Ad Text We know million stories about ridiculous reasons why people have been arrested but this time is out of my mind! A man was arrested for SMOKING A CIGARETTE OUTDOORS!

I bet the news related to 'hard to believe in' but still... Watching the video I've only noticed people peacefully enjoying the beautiful nature on a bright sunny day, and as soon as police show up the police ruined the camping.

I wonder what would happen, if people stood together against the police? Is it any chance to transform police brutality into something peaceful? Guys, please, feel free to share our opinion with us in comments below.

Ad Text "Know Your Rights or Your Safety Is At Risk In Any Interaction With The Police"

SHOCKING video was uploaded to YouTube recently shows a man in Newington, Connecticut, refusing to fall for Police State tactics of intimidation at a police checkpoint - widely known as a sobriety or DUI checkpoint, but in reality what amounts to an excuse for cops to surveil and keep tabs on citizens.

They say cops are keeping us safe, but the reality is absolutely different! Those pigs are filling up prison for profit quotas, arrest quotas, any other f@cking quotas. REMEMBER: Police is not a guarantee of peaceful streets... not in the police states of America.

Moral of the story: educate yourself, stand up for your constitutional rights and take the power back from these public "servants." #PowerToThePeople. We are the many, they are the few. Together we can stop #PoliceTerror.
